

ORIENTATION AND STUDY SKILLS CLASS

ARE YOU AFRAID OF GOING TO COLLEGE?

Take a Learning Community College Prep Class!

# GET BACK TO THE BASICS

Three instructors combining lessons centered around one central theme!

## "Success in the College Environment."

Reading & Writing

Math

Basic Computer Skills

- ☒ Refresh math, reading and writing skills.
- ☒ Learn and establish good study habits and practices.
- ☒ Acquire basis computer skills using Word, Excel, Access, and PowerPoint.
- ☒ Gain knowledge of a variety of campus resources and labs.

This course is a pass or fail grade meant to prepare the student for college success by brushing up on old skills, learning new ones, and exposure to the college environment. Daily workshop classes will engage the student in a variety of tasks with the purpose of improving rusty math, reading, writing, and study skills and strengthening areas of weakness.
